LAS ÚLTIMAS TENDENCIAS
EN MODA PARA TU MASCOTA

La ropa para nuestros perros no tiene solamente una función estética. También está diseñada para proteger a nuestras mascotas del frío y la lluvia durante los meses de invierno. De la misma manera que nosotros, los perros también sufren el cambio de temperatura al salir a la calle. Por eso, es importante que los cachorros, perros senior o los de pelo corto lleven su prenda de abrigo, sobre todo si las temperaturas son inferiores a los 10°C.

Clothing for our dogs does not only have a aesthetic function. It is also designed to protect our pets from the cold and rain during the winter months.
Just like us, dogs also suffer from the change in temperature when they go outside. Therefore, it is important that puppies, senior dogs or short-haired dogs wear their coat, especially if temperatures are below 10°C.
