

## Apoyo Regulable

12 - 20 mm

Ref: 03040002A

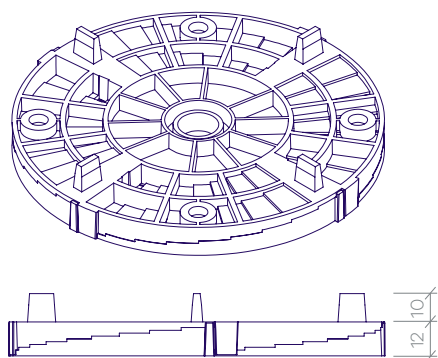

### Medidas

|               |        |
|---------------|--------|
| Altura mínima | 12 mm  |
| Altura máxima | 20 mm  |
| Diámetro      | 130 mm |

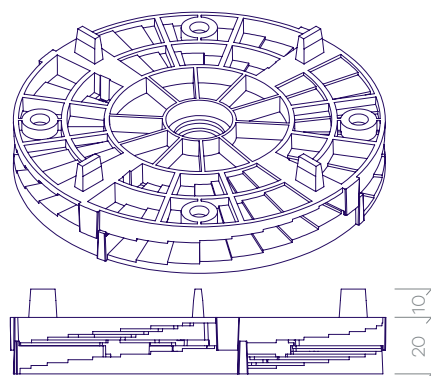

### Características técnicas

|                                          |             |
|------------------------------------------|-------------|
| Peso                                     | 95 g        |
| Carga límite <sup>1</sup> [kN] central   | 50 kN       |
| Carga límite <sup>1</sup> [kN] sobre 1/4 | 15,5 kN     |
| Temperatura de uso                       | -40 a 65 C° |
| Separación entre baldosas                | 4 mm        |
| Base inclinación                         | 0%          |

#### CERRADO 12 mm

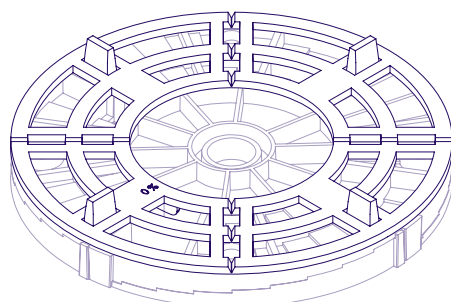

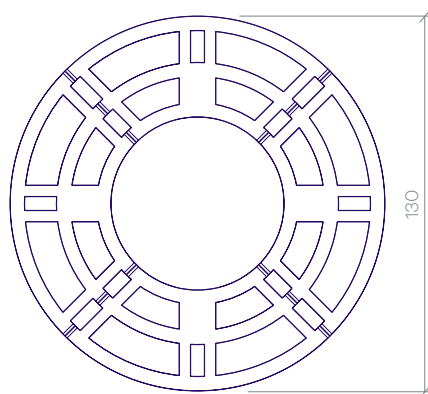

#### ABIERTO 20 mm

## Almohadilla

Ref: 03040121Z

### Medidas

|          |        |
|----------|--------|
| Altura   | 2,5 mm |
| Diámetro | 130 mm |

### Características técnicas

|                  |        |
|------------------|--------|
| Peso             | 12,6 g |
| Base inclinación | 0%     |
